Inclusion and diversity

Morang South Primary School strives to provide a safe, inclusive and supportive school environment which values the human rights of all students and staff.

More than 60% of the students attending Morang South have parents who were born in Australia. 4% of students are of indigenous descent, and many others come from a variety of cultural backgrounds with a significant number of whom have parents born overseas. 36% of students hold a language background other than English.

Morang South Primary School continues to provide educational adjustments for students under the Disability Inclusion program, with a dedicated Disability Inclusion Officer supporting these students. All students under the Disability Inclusion program have termly Student Support Group (SSG) meetings with personalised goals set within Individual Learning Plans (ILP's) which are monitored and collectively worked toward achieving. These meetings involved teachers, parents/carers, allied health professionals and other care-based workers.

Morang South Primary School is committed to creating a school community where all members of our school community are welcomed, accepted and treated equitably and with respect regardless of their backgrounds or personal attributes such as race, language, religious beliefs, gender identity, disability or sexual orientation so that they can participate, achieve and thrive at school.

Morang South Primary School acknowledges and celebrates the diversity of backgrounds and experiences in our school community and we will not tolerate behaviours, language or practices that label, stereotype or demean others. At Morang South Primary School we value the human rights of every student and we take our obligations under anti-discrimination laws and the Charter of Human Rights and Responsibilities seriously.

Morang South Primary School will:

- actively nurture and promote a culture where everyone is treated with respect and dignity
- ensure that students are not discriminated against (directly or indirectly) and where suitable, are reasonably accommodated/supported to participate in their education and school activities (eg schools sports, concerts, excursions, camps) on the same basis as their peers
- acknowledge and respond to the diverse needs, identities and strengths of all students
- encourage empathy and fairness towards others
- challenge stereotypes that promote prejudicial and biased behaviours and practices
- contribute to positive learning, engagement and wellbeing outcomes for students
- respond to complaints and allegations appropriately and ensure that students are not victimised.

At Morang South Primary School we are committed in our promotion of inclusion and diversity as a lead school in Respectful Relationships and by supporting, promoting and modelling respect, positive attitudes and inclusive behaviours. Morang South Primary School celebrates diversity and inclusiveness in a number of ways, including annual Harmony Day and NAIDOC week celebrations.

Bullying, unlawful discrimination, harassment, vilification and other forms of inappropriate behaviour targeting individuals or groups because of their personal attributes will not be tolerated at Morang South Primary School. We will take appropriate measures, consistent with our *Student Wellbeing and Engagement and Bullying* policies to respond to students who demonstrate these behaviours at our school.

Students who may have experienced or witnessed this type of behaviour are encouraged to speak up and to let their teachers, parents or carers know about those behaviours to ensure that inappropriate behaviour can be addressed.

As a school and educational setting, we are committed to supporting students that are involved in bullying or harassing others on the basis of their personal attributes. We believe that education is the key for many students who display these behaviours to understand the impact of such actions due to a lack of understanding, care and empathy.

Reasonable adjustments for students with disabilities

Morang South Primary School also understands that it has a legal obligation to make reasonable adjustments to accommodate students with disabilities. A reasonable adjustment is a measure or action taken to assist students with disabilities to participate in their education on the same basis as their peers. Reasonable adjustments will be made for students with disabilities in consultation with the student, their parents or carers, their teachers and if appropriate, their treating practitioners. Our school may consult through Student Support Group (SSG) processes and in other less formal ways. For more information about support available for students with disabilities, and communicating with us in relation to a student's disability, please refer to our school's Student Engagement and Wellbeing Policy or contact the Disability Inclusion (DI) Officer via the office for further information.
